MISS SONIA PEÑA presenta una colección de moda “millennial” para inconformistas y jóvenes exigentes.  
Una colección pensada para una nueva manera de ver la vida a través de la moda sobre una casa  
de madera blanca de los Hamptons.

La colección va encaminada a una joven independiente que se viste para sí misma, actual  
y que habla del futuro. Trazos y reminiscencias de los 90, los looks de las “influencers” de calibre internacional  
y esencia de mar, han sido inspiración de la nueva colección.

Sol, cielo y mar en esta escapada a los Hamptons en búsqueda de momentos especiales.

*MISS SONIA PEÑA presents a collection of “millennial” fashion for hipsters and demanding young people.  
A line of clothing designed for a new way of seeing life through fashion in a white wooden house in the Hamptons.*

*The collection is aimed at a young and independent woman who dresses for herself, a present day person who talks about the future.  
Strokes and reminiscences of the 90s, the looks of the “influencers” of international importance and essence of the sea,  
all these have been the inspiration of the new collection.*

*Sun, sky and sea on this Hamptons getaway in search of special moments.*
